MAXIMIZING CLAIMS & REVENUE:

HOW THE NATIONAL ADJUSTERS GROUP
CAN HELP BRANDON J ROOFING GROW

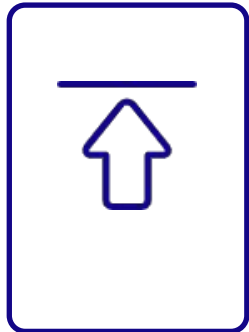

THE NATIONAL ADJUSTERS GROUP

The National Adjusters Group is a company that specializes in helping property owners maximize their property insurance claims payouts, particularly for damages caused by hail, fire, storms, and pipe breaks.

Adjusters
Group**

WHY PARTNER WITH THE NATIONAL ADJUSTERS GROUP?

Maximized Settlements

Our expertise often results in significantly higher payouts than when dealing directly with insurance companies.

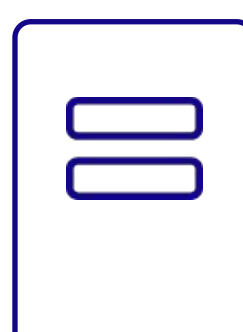

Expert Damage Assessment

Our licensed adjusters identify and document damages that insurers may overlook, ensuring all covered damages are accounted for.

No Win, No Public Adjuster Fee

We work on a contingency basis, if there's no recovery, there's no public adjuster fee. This means it is a win/win for you and your clients.

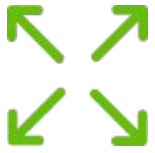

We Level the Playing Field

Insurance companies often undervalue claims. We fight to ensure your clients get the full settlement they deserve.

By partnering with The National Adjusters Group, Brandon J Roofing can provide their clients with the maximum compensation for their claims, while also generating more business opportunities for its contracting services.

WHAT'S IN IT FOR YOU?

Larger Projects

With higher insurance payouts, Brandon J Roofing's clients can afford more extensive repairs, which means more upsell opportunities for you.

Client Retention

By ensuring your clients receive the compensation they deserve, you're more likely to retain them for future projects and generate repeat business.

No Extra Work

Once you refer a client to us, we handle the insurance side of things, allowing you to focus on what you do best: repairing and restoring properties.

More Referrals

Satisfied clients who get a higher payout are likely to refer your services to others, boosting Brandon J Roofing's customer base and increasing revenue.

REAL EXPERIENCES, REAL RESULTS

Residential Hurricane Damage

"We can't thank The National Adjusters Group enough for their incredible help after our home was damaged by Hurricane Milton. A massive tree fell on our house during the storm, causing significant structural damage. We were overwhelmed and unsure how to navigate the insurance claims process, especially given the complexity of the damage. From the moment I contacted them, the team was responsive, professional, and compassionate.

They took the time to explain the entire claims process and ensured we understood every step along the way. They went above and beyond, handling the paperwork, negotiations with the insurance company, and even coordinating with contractors. Thanks to their expertise, we were able to secure a settlement that covered all the necessary repairs and then some...."

Commercial Flood Damage

"Throughout our collaboration, The National Adjusters Group demonstrated a high level of expertise, efficiency, and dedication. Their attention to detail and commitment to delivering thorough, accurate, and timely results were truly impressive. Whether it was navigating complex claims or providing clear, effective communication, their team consistently exceeded expectations.

I would wholeheartedly recommend The National Adjusters Group to any person or organization in need of their services. Their professionalism, integrity, and unwavering commitment to excellence make them a standout Public Adjusters."

HOW WE WORK TOGETHER

Referral Process

Brandon J Roofing refers its clients who have experienced property damage to The National Adjusters Group. This initiates the partnership and allows us to advocate for the client's best interests.

Claim Inspection

We conduct a free, comprehensive inspection of the property to fully document all covered damages, including hail, fire, storm, and pipe break issues that may have been overlooked.

Claim Filing

The National Adjusters Group handles the entire insurance claim process on the client's behalf. We prepare, submit, and negotiate the claim to ensure the maximum payout.

Repairs and Updates

Once the claim is settled, the client can proceed with the necessary repairs, which are performed by Brandon J Roofing. We keep you informed throughout the process, so you can focus on the restoration work.

LET'S PARTNER FOR SUCCESS
